

Automated Lighting Fixture

Digital Display

Motorized zoom

CMY Color Mixing

Proven Reliability

MEGA **LITE**

AXIS **600**

MECHANICAL SPECIFICATIONS

Size: 20"L x 17"W x 26.5"H

Weight: 72.45 lbs

Pan: 540°

Tilt: 270°

DMX Connectors: 3-pin XLR connectors

Reflector: Glass reflector with cold mirror coating

Thermal: Maximum ambient temperature 40° C

Maximum surface temperature 80° C

Mounting Points: 4 pairs of L-turn locks

Fastening System: 2 quick clamp release

ELECTRICAL SPECIFICATIONS

Lamp: NSK 575/2

Light output: 10,000 ANSI lumens

Lamp life: 1000 hours

Color temperature: 7,200 K

Lamp: MSR 575 (optional)

Light output: 12,000 ANSI lumens

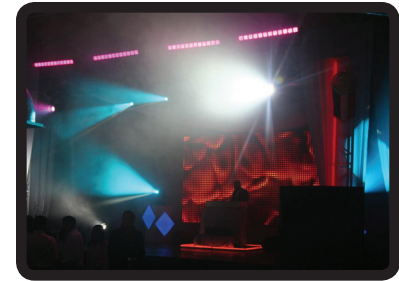

Lamp life: 500-700 hours

Color temperature: 6,200 K

Power Consumption: 120V 50/60 Hz

Base: GX-9.5

Automatic and remote lamp on/off

ELECTROMECHANICAL EFFECTS

Zoom: Motorized zoom adjustable between 7° and 28°

Frost : Motorized frost effect

Effect: Beam Shaper

Dimmer / Shutter: Full range dimming and variable strobe effect
